| <b>LIST OF TABLES.....</b>                                                 | <b>xiv</b> |
| <b>CHAPTER 1 INTRODUCTION.....</b>                                         | <b>1</b>   |
| 1.1 Background .....                                                       | 1          |
| 1.2 Research & Management Problem:.....                                    | 3          |
| 1.3 Research Objective .....                                               | 5          |
| 1.4 Research Question:.....                                                | 6          |
| <b>CHAPTER 2 THEORETICAL FRAMEWORK.....</b>                                | <b>7</b>   |
| 2.1 ESG Governance as the Core Analytical Lens .....                       | 7          |
| 2.2 Governance in the Context of Regenerative Food Systems .....           | 8          |
| 2.3 Key Governance Elements .....                                          | 10         |
| 2.4 Agreements as the Core Unit of Analysis .....                          | 13         |
| 2.5 Linking Governance to Financial and Non-Financial Value Creation ..... | 16         |
| 2.6 Measurement and Operationalization .....                               | 17         |
| <b>CHAPTER 3 METHODOLOGY.....</b>                                          | <b>19</b>  |
| 3.1 Research Approach .....                                                | 19         |
| 3.2 Research Design .....                                                  | 20         |
| 3.2.1 Qualitative Methods.....                                             | 20         |
| 3.2.2 Quantitative Methods.....                                            | 21         |
| 3.3 Methodological Phases .....                                            | 22         |
| 3.4 Ethical Considerations .....                                           | 23         |
| 3.5 Methodological Contribution and Limitations .....                      | 23         |

|                                                                                                             |           |
|-------------------------------------------------------------------------------------------------------------|-----------|
| <b>CHAPTER 4 DATA RESEARCH &amp; ANALYSIS .....</b>                                                         | <b>26</b> |
| 4.1 Introduction to the Case Study Analysis .....                                                           | 26        |
| 4.2 Case Study Findings .....                                                                               | 27        |
| 4.2.1 Case 1: De Stadsgroenteboer .....                                                                     | 27        |
| 4.2.2 Case 2: H of Van Ampsen.....                                                                          | 30        |
| 4.2.3 Case 3: Hortuspopulus.....                                                                            | 34        |
| 4.3 Indicator Development.....                                                                              | 38        |
| 4.3.1 Cross-Case Patterns and Indicator Derivation .....                                                    | 38        |
| 4.3.2 Indicator Summary.....                                                                                | 40        |
| 4.3.3 Theoretical Alignment.....                                                                            | 43        |
| 4.4 Governance Scoring System.....                                                                          | 43        |
| 4.4.1 Scoring Scale .....                                                                                   | 43        |
| 4.4.2 Indicator Weighting and Results.....                                                                  | 44        |
| 4.4.3 Rating Categories.....                                                                                | 46        |
| 4.5 Proposed Governance Measurement Tool .....                                                              | 47        |
| 4.5.1 Design Principles.....                                                                                | 48        |
| 4.5.2 Tool Structure.....                                                                                   | 48        |
| 4.5.3 Total Value Calculation Logic.....                                                                    | 49        |
| 4.5.4 Limitations.....                                                                                      | 51        |
| <b>CHAPTER 5 CONCLUSION .....</b>                                                                           | <b>54</b> |
| 5.1 Introduction .....                                                                                      | 54        |
| 5.2 Answering the Research Question & Sub-Questions .....                                                   | 54        |
| 5.3 Key Research Findings.....                                                                              | 56        |
| 5.4 Contribution of the Governance-Based Total Value Tool.....                                              | 59        |
| 5.5 Final Conclusion .....                                                                                  | 59        |
| <b>CHAPTER 6 POLICY / COMPANY EVALUATION.....</b>                                                           | <b>62</b> |
| 6.1 Introduction .....                                                                                      | 62        |
| 6.2 Main Governance Problems Identified .....                                                               | 62        |
| 6.3 Governance Improvement Recommendations.....                                                             | 63        |
| 6.4 Recommendations for Future Development of the Governance-Based<br>Total Value Assessment Framework..... | 65        |
| 6.5 Limitations.....                                                                                        | 66        |
| 6.6 Final Reflection .....                                                                                  | 68        |

|                       |           |
