

## ABSTRACT

*Local government performance is an achievement or target to realize the vision, mission and goals for the welfare of the community. However, the community has not fully felt the performance of the local government to realize regional autonomy. In improving government performance, there are several factors that influence it, including regional financial supervision, accountability, and transparency in regional financial management. This study aims to identify the effect of Regional Financial Supervision on the Performance of the Solok Regency Local Government, the influence of Accountability on the Solok Regency's Local Government Performance, and the influence of Regional Financial Management Transparency on the Regional Government Performance Solok Regency.*

*The sample used in this study was 110 respondents from echelon III and IV employees at 5 agencies and 17 regional apparatus organization offices (OPD) of Solok Regency. The data used are primary data with data collection methods, namely the distribution of questionnaires/questionnaires directly measured by a Likert scale. Hypothesis testing is done by using multiple linear regression analysis method using IBM SPSS 25 software.*

*The results of this study indicate that the Regional Financial Supervision has a positive effect on the performance of the Solok Regency Regional Government, Accountability has a positive effect on the Solok Regency's Regional Government Performance and the Transparency of Regional Financial Management has a positive effect on The Performance of the Solok Regency Government*

**Keyworss** : *Supervision, Accountability, Transparency, Financial Management, Performance of local government.*
